## Enjoy Your Front-Row Ticket To Billy Joel.

By Barb Oates

Music icon Billy Joel is doing something special to celebrate his record-breaking Madison Square Garden residency that started in 2014. The beloved Long Islander is giving back to his fans and allowing cameras to capture his 100th consecutive monthly show at MSG in his first ever broadcast TV concert special.

"We have done this sort of remarkable achievement by playing Madison Square Garden once a month for 100 times. And if you just do the math, it's 18,000 people a night, so 1.8 million people have seen it, but that's all," shares Steve Cohen, creative director and producer who's worked with Billy since 1974. "The rest of the country and the rest of the world has not had the experience of being in the room with Billy at Madison Square Garden. We want to share this experience with them."

The two-hour special, *The 100th: Billy Joel at Madison Square Garden — The Greatest Arena Run of All Time*, will air Sunday, April 14 on CBS. Here Cohen shares a little more on his longtime friend and the magic they've created over their near 50-year partnership.

### How selecting songs from a 50-year catalog is an embarrassment of riches.

**Steve Cohen:** Our job is to look at this show and see the real standout performances. We anticipate that "Uptown Girl" will be in the show, but if we have a better performance of "It's Still Rock and Roll to Me," it may surpass "Uptown Girl." I mean, it's an embarrassment of riches as a producer. And for Billy, he doesn't really care. He calls his

songs his children, so as long as the kids get a good showing, he'll be happy.

### What went into the decision of broadcast over streaming?

Billy is a working-class guy, and we all come from Sunday night appointment TV. ... Billy loves the idea that we are doing this for free and it's basically a giveback. ... The downside is we can't do the whole show. But I think the tradeoff is worth it.

### What Billy's really like as a boss.

I've been with him since 1974. It's almost 50 years. I've done every live show with him. We started together in our 20s, and his work ethic and his modesty is not false. That's exactly how he is, and that's exactly how he's always been. And remarkably consistent. The more successful he's gotten over the years, I find him to be even more humble.

### Getting goose bumps on goose bumps talking about the most meaningful song.

I have to put this in context ... I think that first night back after COVID, when we came back and played that show in November at Madison Square Garden, after a year off [from a 10-year run], we end the main set with "Piano Man." And though it is not my favorite Billy Joel song, there's the line in there that says, "forget about life for a while." I think at that moment, my goose bumps had goose bumps. ... It made me realize how precious that sense of community and music is, and what Billy can bring to an audience that allows [them] to forget about life for a while.

## Robert Downey Jr. Is Unrecognizable In HBO's Limited Series "The Sympathizer"

"I am a spy, a sleeper, a spook, a man of two faces." So begins the source material for director Park Chan-wook's (*Oldboy*) adaptation of Viet Thanh Nguyen's Pulitzer Prize-winning novel. Part thriller, part satire, the seven-episode limited series *The Sympathizer* (Sundays beginning April 14 on HBO) depicts the turbulent moral journey of a nameless antihero (Hoa Xuande) who acts as a Communist spy while exiled to America after the fall of Saigon. Robert Downey Jr. appears in multiple guises as colorful figures throughout the episodes, and Sandra Oh costars.

## James Cameron Takes On The Underwater Aliens In Three-Part Series "Secrets Of The Octopus"

*Secrets of the Octopus*, the latest in Nat Geo's franchise of Earth Day natural history series from executive producer James Cameron, uncovers the lives of one of the most alien-like animals on the planet: the octopus. The three-part series (all episodes air Sunday, April 21), narrated by Paul Rudd, shows how these eight-armed creatures can shapeshift, and reveals how intelligent and social they are through incredible footage, some of which shows octopus behavior never before captured on film.

One such behavior is an octopus mating ritual, as seen between "Scarlet," a little octopus featured across the episodes, and a male suitor. Scarlet, due to having a scar underneath one eye, was given her name by National Geographic Explorer and expert Dr. Alex Schnell, who also features throughout the series.

Dr. Schnell and others travel to various places and meet several octopuses, and all of them are incredible. But there's a particularly amazing and touching relationship between Schnell and Scarlet — who seems to remember Schnell each time the human dives into her world — that developed quickly during the filming of this series.

"It varies from individual to individual how quickly [octopuses] want to interact with you," Schnell says, "and sometimes they never do. But Scarlet took probably a couple of hours before she felt comfortable with me, which is really quick. We have an animal here that has no way to protect [itself from a human] ... and yet she wanted to interact with a species 10 times her size. That's really rare for a wild animal to want to do that."

Behavior like this and more from Scarlet and other octopuses is mind-blowing to see and offers glimpses into just how intelligent these creatures are, even if Dr. Schnell says it is still too early to compare an octopus' smarts to, say, an ape's or dolphin's.

"We're really only just scratching the surface," she explains, "and when you're looking at such a different mind, you couldn't get more alien. ..."

"I want the main take-home message of this series to be a shift in perspective, that while [octopuses] are very alien to a certain extent, we share similar traits with them. And hopefully that forms a bridge and a point of connection, and a growth of compassion and love, and then we want to protect what we love." — *Jeff Pfeiffer*

# YOUR ULTIMATE SILVER DOLLAR SET

## 150 Years of Iconic U.S. Silver Dollars from the Morgan to the Silver Eagle

We've done the work for you with this 5-Pc. U.S. Silver Dollar Set. Each of these U.S. Silver Dollars is sought-after by collectors individually, but this set includes every design of U.S. Silver Dollar in American history, issued from 1878 to 2024!

**Morgan Silver Dollar:** First struck in 1878, the Morgan has a historic legacy as the coin that helped build the American West. Minted until 1904, then again in 1921, this 90% silver coin with its iconic Lady Liberty design is the most collected vintage Silver Dollar in the world. Extremely Fine (XF) condition coin included in set.

**Peace Silver Dollar:** Memorializing peace following the end of World War I, the 90% silver Peace Dollar was intended as a one-year only release struck in 1921—but it proved so popular with the American people, it was struck until 1928, then again in 1934-35. Extremely Fine (XF) condition coin included in set.

**Eisenhower Dollar:** The last circulating U.S. dollar coin, the Eisenhower Dollar, aka the "Ike Dollar," with its design featuring war hero President Dwight D. Eisenhower, backed by an image symbolizing the Apollo II moon landing. Struck in silver from 1971-1976, the Eisenhower Dollar in this set was struck in 40% silver for collectors, and you will receive a coin in Brilliant Uncirculated (BU) condition.

**Silver Eagle Type 1:** The first-ever U.S. Silver Dollar minted in 99.9% silver, these coins were first minted in 1986 following President Ronald Reagan's signing of the

Liberty Coin Act into law on July 9, 1985, which authorized the U.S. Mint to strike America's new silver bullion coin. This gorgeous Silver Dollar features the original, reversed Type 1 "Heraldic Eagle," and a Brilliant Uncirculated (BU) condition coin is included in set.

**Silver Eagle Type 2:** In honor of the popular 99.9% silver coin's 35th anniversary in 2021, the Silver Eagle received a new, esteemed Type 2 "Eagle Landing" reverse design. This is the current issued coin by the U.S. Mint. Brilliant Uncirculated (BU) condition coin included in set.

A MARTINEZ  
By Barb Oates

One of the hottest couples in the soaps world in the 1980s was A Martinez and Marcy Walker, playing Santa Barbara's beloved Cruz Castillo and Eden Capwell.

Martinez went on to star in countless films and TV series, and found some easy footing in plenty of Westerns, including *Longmire* and now INSP's new original film *Far Haven* (premiering Sunday, April 14). Here the down-to-earth and humble Martinez answers our "5 Questions."

- 1. Tell us a little behind the meaning of your new film *Far Haven*.** It's such a clear story about redemption and about the power of courage under difficult circumstances.
- 2. How nice was it to put back on the boots and cowboy hat and return to the Western era again?** I love the times I've gotten to do Westerns. It was so lucky for me to get to do *The Cowboys* (1972) when I was just starting off, and to work with John Wayne, who my dad loved. We saw everything John Wayne ever did at the drive-in. So to get to work with John Wayne in a movie with a real budget! We spent weeks learning how to ride well.
- 3. You learned how to ride a horse from John Wayne?** Warner Bros. hired this wrangler named Red Burns who was the go-to guy for the studios for a long, long time. He'd taught a lot of famous Hollywood actors how to get up on a horse and play a Western legitimately. And I learned so much from him, not just as a young person trying to learn to ride and rope, but just to learn things about living and health. I learned enough about the ins and outs of being on a horse and how to do a fight scene and just a lot of things on that movie. John Wayne basically educated me about how to do a fight scene appropriately from his point of view, which was tried and true. And I used the things he told me probably 20 different times over the course of my career after that.
- 4. Your TV and film resumé is so immense. What role do people stop you on the street for most? Is it *Santa Barbara*?** Probably at this point, it's for *Longmire* for my role as Jacob, as it's most recent. ... Some of my best friends in the world, originally, I met through them being fans of *Santa Barbara*. We did a reunion cruise just before the pandemic in November 2019. And people came from all over the world to get on a boat and travel together, who only had in common that they loved *Santa Barbara*. And it was just so wonderful to see.
- 5. Where do you keep your Emmy today?** It's on a shelf in our living room. It's on the top shelf. I'm really proud of it.

# HOROSCOPES

By YASMIN BOLAND

**Rob McElhenney,**  
an Aries (born Apr. 14),  
of "Welcome to Wrexham"

now, the big astrological picture is serious and demanding Saturn making you work harder for all your relationships. You get back what you put into love.

## LIBRA (Sept. 23 - Oct. 22)

This is the week to start over with your home and family. If life became tense during the silly season, tell yourself (and close friends and family) "that was then and this is now - and now can be different". A restart is possible with the people who matter most to you.

## SCORPIO (Oct. 23 - Nov. 21)

The sooner you realize that you're creating your life with your thoughts, feelings and words, the better! Don't believe me? Pay close attention now to your expectations about a special someone or something. The more you fear the worst, the more likely you'll get the worst. You can't fool the Universe!

## SAGITTARIUS (Nov. 22 - Dec. 21)

There's a new start coming for you when it comes to cash, property and possessions. So take a moment to make a list of your financial aims and goals for the year ahead. Then make a bullet points about small steps you can take. Come with a plan or leave in defeat!

## CAPRICORN (Dec. 22 - Jan. 19)

You will soon have a chance to start all over again in every part of your life. Expect to feel a rush of new vitality. Be optimistic about the year ahead - the stars are on your side. Thinking positively is key. This really is a turnaround year for you. Claim it!

## AQUARIUS (Jan. 20 - Feb. 18)

Avoid allowing fears and worries to overwhelm you this week. Look at what's scaring you and deal with it, rather than going into a spiral. And if there is nothing you can do to change whatever is bothering you, accept that it's a ride to somewhere better. Trust the process!

## PISCES (Feb. 19 - March 20)

So how's your social life? If it could use a boost, that will come soon. Reach out to the people you love - don't always wait for others to reach out to you! And even if things have been a bit upsetting with one friend, change is possible. Prepare to party!

Yasmin Boland is an astrologer, a moonologist and a best-selling *May House* author. ## ARIES (March 21 - April 19)

Stop whatever you're doing right now and close your eyes and imagine your ideal scenario for your working life or whatever it is that you do that you're 'known for' in the coming year. Focus on that this week. Once you're clear on your intentions, you can manifest them.

## TAURUS (April 20 - May 20)

If you can get far, far away from it all this week, it'll do you a lot of good! And if you can't get away, see if you can do something at home that somehow broadens your horizons. It could be meeting someone well-travelled or studying something mind-opening. Seek perspective!

## GEMINI (May 21 - June 20)

Don't worry if you're feeling a bit confused at the start of the week. Just go with it. Sometimes we need to live with uncertainty, personal and/or professional. Instead of trying too hard to make a decision, feel your feelings. They will inform your next best move. Be patient with yourself.

## CANCER (June 21 - July 22)

There's powerful new energy around you right now, and it's offering you the chance to create your own romantic 'destiny' (except it's not really destiny, since you're creating it with your thoughts and desires, right?) Tap into it by asking yourself what you want from love in 2024. Love to love.

## LEO (July 23 - Aug. 22)

Once a year you get a chance to start all over again I don't just mean because it's a new year. Rather, the January New Moon will trigger your Daily Life Zone. So how do you want 2024 to play out in terms of routines and timetables? Decide now!

## VIRGO (Aug. 23 - Sept. 22)

It would be a bit rash to promise you a super romantic week. Because even though you have some lovely and romantic stars right

### The Beekeeper

Adam Clay (Jason Statham) is a simple beekeeper. When his close friend Eloise (Phylicia Rashad) falls victim to a malicious computer pop-up, the world changes and he vows revenge for what the nameless and faceless criminals have caused. With Eloise's daughter Verona (Emmy Raver-Lampman) leading the law enforcement search for the bad guys and Clay leading his vendetta, the cybercriminals don't stand a chance. Sure, not a great movie, but fulfilling and fun for those who have loved ones who have fallen victim to scams. *Rated R — Available April 23*

**Young Sheldon**  
7 pm on CBS 3 CBS 7  
CBS 31

Growing up is never easy. And, when you're a teenager with a genius-level mind excelling in math and science while living in a town that prefers church and football, it's even harder. Yet young Sheldon Cooper (Iain Armitage) handles it with awkwardness.

**Summer House**  
8 pm on BRAVO

Sharing a summer house with friends on the weekends in Montauk, N.Y., is a dream for plenty of young adults. But when these "friends" are drama-riddled members of New York City's hard-working, hard-partying social climbers, separate rooms are a must.

**Beat Bobby Flay**  
8 pm on FOOD

Michael Voltaggio and Christian Petroni enlist guest chefs Lanny Chin and Wendy Zeng to "tame the Lion's Mane," this week's star ingredient. A powerful superfood with plenty of health benefits, the duo put their faith in this funky fungus to beat Flay.

**Interrogation Raw**  
9 pm on A&E

When investigators find DNA evidence at the scene of a horrific triple murder in the northern town of Amity, Maine, they discover the suspect might be from out of town. When they finally get to question the young suspect, they piece together the crime.

## Get Ready For The 51st Daytime Emmys! Plus, A Beloved "General Hospital" Veteran Has Died

It may seem like soap fans just watched the Daytime Emmys. Well, that's because they did! The annual awards show was delayed until December last year due to show business union strikes that have since been resolved. Now, the soap world is getting ready for this year's awards, which are coming up soon. The 51st Annual Daytime Emmy Awards are set to air on Friday, June 7, from 8-10pm ET on CBS. This will be the 18th time that CBS has broadcast the awards, which honor the best and brightest in soap operas, talk shows, legal/courtroom shows and other daytime programming.

"We eagerly anticipate our return in June as we once again partner with CBS to recognize the exceptional and talented individuals who make daytime television great," Adam Sharp, president and CEO of the National Academy of Television Arts & Sciences, said in a statement. "We're thrilled to kick off our second half-century of the Daytime Emmys."

While NATAS has eliminated the Outstanding Younger Performer in a Drama Series trophy, the category of Outstanding Guest Performer in a Drama Series is still around. Some are already predicting that the statuette will go to legendary performer Dick Van Dyke, who did a turn on *Days of our Lives* as Timothy Robicheaux, the birth father of John Black (Drake Hogestyn).

Other actors who are strong candidates for this year's ballot include *The Young and the Restless'* Melody Thomas Scott (Nikki), Michelle Stafford (Phyllis) and Colleen Zenk (Aunt Jordan); *The Bold and the Beautiful's* John McCook (Eric) and Heather Tom (Katie); *Days'* Arianne Zucker (Nicole) and James Reynolds (Abe); and *General Hospital's* Maurice Benard (Sonny), Cynthia Watros (Nina), Brook Kerr (Portia) and Jane Elliot (Tracy).

**In Memoriam:** Actress Beth Peters died on March 14 in central Florida after a short illness. She was 92. Peters is remembered and beloved by *GH* fans for her turn as Agnes Whitaker, the loving farm woman who lived in Beecher's Corners. Agnes and her husband "Whit" Whitaker (Hank Underwood) gave refuge to Luke and Laura (Anthony Geary and Genie Francis) when they were on the run from mobster Frank Smith (George Gaynes) in the summer of 1980. Peters recurred on the show for a few years and reprised her role as Agnes again in 1994 after Luke and Laura had returned to *GH*.

**Question:** What can we do to save *Warrior*? It's a non-stop action series with an awesome storyline. —*Maria W.*

**Matt Roush:** Welcome to the *Warrior* party. And to the latest chapter of Netflix breathing new life into a series that was left for dead. For those who only recently discovered this evocative martial arts series, *Warrior* premiered on Cinemax in 2019. After two seasons, it was resurrected on Max for a third year, and upon news of the show's cancellation last December, it was also reported that Netflix would begin streaming all three seasons starting in February. This sort of move generates new fans, and whether it will be enough to bring the show back remains to be seen.

**Question:** While watching *Wild Card* on The CW, I saw Max drive a Porsche 911. It sure did look like the same car Jason Priestley drove in *Private Eyes*? —*Nancy W.*

**Matt Roush:** You were spot on! Those wheels belonged to the same 911 that Priestly drove as Matt Shade in *Private Eyes*. From The CW: "The producers thought it would be fun for discerning and loyal fans to experience this classic vehicle again in *Wild Cards*."

## 2024 NFL Draft Round 1 7 pm on ABC 20

The future stars of the NFL find out where they'll be playing in this 89th annual event from Detroit. The Chicago Bears get the first pick, followed by Washington and New England. USC quarterback Caleb Williams is expected to be the number one pick.

## The First 48 Presents Critical Minutes 7 pm on A&E

Criminal behavior is just as shocking the second time around. This episode looks at a homicide that left investigators scrambling to find clues that would point them toward a killer. Time is running out as detectives race against the clock.

## Swamp People 7 pm on HIST Season Finale

It's the last day of the season, and a cold front is keeping gators from biting the lines. With a whopping 900 tags to fill and never having failed to "tag out," Troy tries a new bait. Meanwhile, Ronnie offers Ashley equal parts in the business.

## So Help Me Todd 8 pm on CBS 3 CBS 7 CBS 31

The family that works together, gets incredibly frustrated with each other. Margaret (Maria Gay Harden) is in a tight spot and needs her son, Todd (Skylar Astin), to use a few off-the-books workarounds to keep a client from being left out in the cold.

## CHEERS TO 9-1-1'S

award-worthy in-joke. In ABC's March 14 Season 7 premiere, Angela Bassett's LAFD boss Athena (below) copped to being traumatized by *The Poseidon Adventure* as a kid, leading to a rant about how the disaster flick's Shelley Winters lost for Best Supporting Actress. We're not over it either, Angie!

## JEERS TO PALM ROYALE

for royally wasting talent. More baffling than what genre the show is supposed to be (comedy? Drama? Mystery?) is how Apple TV+'s star-packed tale of country-club elites in 1960s Florida cast the iconic Carol Burnett (above) only to have her comatose character do *nothing* for the first three episodes. That is not what fits a legend.

## CHEERS TO JEOPARDY!

for celebrating 60 years in unquestionable style. In honor of this year's diamond anniversary, the beloved game show hosted by Ken Jennings (below) is launching a splashy contestant recruitment campaign and a new bar-trivia game, while also hosting live events and activations around the country.

## JEERS TO THE GIRLS ON THE BUS

for being fake news. Not even casting the always-fab *Supergirl* vet Melissa Benoist (above) and Carla Gugino can help Max's soapy dramedy about female political reporters covering an election campaign ring true, because *Girls* gets almost everything about journalism wrong.

# Popular CoQ10 Pills Leave Millions Suffering

## Could this newly-discovered brain fuel solve America's worsening memory crisis?

**PALM BEACH, FLORIDA** — Millions of Americans take the supplement known as CoQ10. It's the coenzyme that supercharges the "energy factories" in your cells known as *mitochondria*. But there's a serious flaw that's leaving millions unsatisfied.

As you age, your mitochondria break down and fail to produce energy. In a revealing study, a team of researchers showed that 95 percent of the mitochondria in a 90-year-old man were damaged, compared to almost no damage in the mitochondria of a 5-year-old.

Taking CoQ10 alone is not enough to solve this problem. Because as powerful as CoQ10 is, there's one critical thing it fails to do: it can't create new mitochondria to replace the ones you lost.

And that's bad news for Americans all over the country. The loss of cellular energy is a problem for the memory concerns people face as they get older.

"We had no way of replacing lost mitochondria until a recent discovery changed everything," says Dr. Al Sears, founder and medical director of the Sears Institute for Anti-Aging Medicine in Palm Beach, Florida. "Researchers discovered the only nutrient known to modern science that has the power to trigger the growth of new mitochondria."

### Why Taking CoQ10 is Not Enough

Dr. Sears explains, "This new discovery is so powerful, it can multiply your mitochondria by 55 percent in just a few weeks. That's the equivalent of restoring decades of lost brain power."

This exciting nutrient — called PQQ (*pyrroloquinoline quinone*) — is the driving force behind a revolution in aging. When paired with CoQ10, this dynamic duo has the power to reverse the age-related memory losses you may have thought were beyond your control.

Dr. Sears pioneered a new formula — called **Ultra Accel II** — that combines both CoQ10 and PQQ to support maximum cellular energy and the normal growth of new mitochondria. **Ultra Accel II** is the first of its kind to address both problems and is already creating huge demand.

Over 47 million doses have been shipped to men and women across the country and sales continue to climb for this much sought-after brain fuel. In fact, demand has been so overwhelming that inventories repeatedly sell out. But a closer look at **Ultra Accel II** reveals there are good reasons why sales are booming.

### Science Confirms the Many Benefits of PQQ

The medical journal *Biochemical Pharmacology* reports that PQQ is up to 5,000 times more efficient in sustaining energy production than common antioxidants. With the ability to keep every cell in your body operating at full strength, **Ultra Accel II** delivers more than just added brain power and a faster memory.

People feel more energetic, more alert, and don't need naps in the afternoon. The boost in cellular energy generates more power to your heart, lungs, muscles, and more.

"With the PQQ in Ultra Accel, I have energy I never thought possible at my age," says Colleen R., one of Dr. Sears's patients. "I'm in my 70s but feel 40 again. I think clearly, move with real energy and sleep like a baby."

The response has been overwhelmingly positive, and Dr. Sears receives countless emails from his patients and readers. "My patients tell me they feel better than they have in years. This is ideal for people who are feeling old and run down, or for those who feel more forgetful. It surprises many that you can add healthy and productive years to your life simply by taking **Ultra Accel II** every day."

You may have seen Dr. Sears on television or read one of his 12 best-selling books. Or you may have seen him speak at the 2016 WPBF 25 Health and Wellness Festival in South Florida, featuring Dr. Oz and special guest Suzanne Somers. Thousands of people attended Dr. Sears's lecture on anti-aging breakthroughs and waited in line for hours during his book signing at the event.

### Will Ultra Accel II Multiply Your Energy?

**Ultra Accel II** is turning everything we thought we knew about youthful energy on its head. Especially for people over age 50. In less than 30 seconds every morning, you can harness the power of this breakthrough discovery to restore peak energy and your "spark for life."

So, if you've noticed less energy as you've gotten older, and you want an easy way to reclaim your youthful edge, this new opportunity will feel like blessed relief.

The secret is the "energy multiplying" molecule that activates a dormant gene in your body that declines with age, which then instructs your cells to pump out fresh

**MEMORY-BUILDING SENSATION:** Top doctors are now recommending new **Ultra Accel II** because it restores decades of lost brain power without a doctor's visit.

energy from the inside-out. This growth of new "energy factories" in your cells is called mitochondrial biogenesis.

Instead of falling victim to that afternoon slump, you enjoy sharp-as-a-tack focus, memory, and concentration from sunup to sundown. And you get more done in a day than most do in a week. Regardless of how exhausting the world is now.

Dr. Sears reports, "The most rewarding aspect of practicing medicine is watching my patients get the joy back in their lives. **Ultra Accel II** sends a wake-up call to every cell in their bodies... And they actually feel young again."

And his patients agree. "I noticed a difference within a few days," says Jerry from Ft. Pierce, Florida. "My endurance has almost doubled, and I feel it mentally, too. There's a clarity and sense of well-being in my life that I've never experienced before."

MDHearing Aid User

How can a rechargeable hearing aid that fits inside your ear and costs as low as \$297 a pair be every bit as good as those that sell for \$4,800 or more?

**The answer:** Although tremendous strides have been made in Hearing Aid Technology, those cost reductions have not been passed on to you. Until now... **MDHearing™** uses the same kind of technology incorporated into hearing aids that cost thousands more at a small fraction of the price.

## 5 Expert Tips for Choosing Incontinence Underwear

By Judith Miller

*Living with bladder leaks can be challenging, but finding the right incontinence underwear can make a big difference in your comfort and confidence. Here are 5 tips that our experts always look for when shopping for better bladder protection:*

**1. Absorbency:** If you tend to have higher absorbency needs, look for “overnight” underwear, whether you plan to use them day or night. Because Market’s Overnight Underwear holds up to 6 cups of liquid, the equivalent of nearly 2 bottles of wine.

**2. Leak guards:** Leak guards are additional pieces of absorbent material that surround the leg cuffs to prevent unwanted leaks. Always look for products with reinforced leak guards.

**3. Skin-friendly materials:** Some incontinence underwear can cause irritation and discomfort, especially for those with sensitive skin. Look for latex-free underwear made from soft, breathable materials. Because Market’s pads and underwear are latex-free and sensitive skin-friendly.

**4. Fit and comfort:** Over 50% of leaks are due to incorrect fit. Look for underwear with a snug, but not too tight fit. Top brands will offer underwear with a range of sizes and fits to ensure maximum comfort. Because Market offers sizes S to XXL.

**5. Price:** Incontinence underwear can be expensive, so consider the price per piece when shopping for the right product. Some brands will even offer a free pack to try.
