"The masterminds behind every great heist see what most people don't," says host Pierce Brosnan during his introduction to the first episode of the new nonfiction series History's Greatest Heists, airing Tuesdays on History beginning Feb. 7.

Brosnan's insight is quite accurate, and thanks to this series, viewers will now be able to get some glimpse into what these criminal geniuses saw that allowed them to pull off, and in some cases get away with, incredibly bold thefts that rival anything seen in a Hollywood film. In a number of instances, they were able to see the slightest cracks in even the most seemingly impenetrable security systems, and to pinpoint and exploit the failings of the humans behind some of the security.

"They're rogues," Brosnan explained to us further in an interview, describing the brash thieves chronicled in this series, and why fictional and reallife stories like these continue to be so compelling to audiences.

"They're very charming men, a lot of these guys. ... They know how to act. They know how to deal with people. They know the psychology of the world. When you have that person that's charismatic, and also breaking the law and doing something that is really just out of bounds, off the charts, seriously, bad news if it goes wrong ... the movies are made of that. ... We like to see people break the law, try and steal things, trying to steal money.

"I think that's the appeal of [this] show, the audacity and the baldfaced courage that these men portray in real life, and the planning and the scheming. ... Some of these guys were just off-theplanet kind of crazy and also brilliant. Just brilliant. It takes balls to go out there and do what they do."

The eight episodes of History's Greatest Heists uncover the meticulous planning, daring execution and shocking aftermath behind such ballsy characters pulling off some of the most elaborate real-life heists in history, including the notorious 1978 Lufthansa heist (familiar to fans of the movie Goodfellas) at New York's JFK Airport, in which the thieves stole cash and jewelry worth roughly \$24 million in today's money; the halfbillion-dollar art theft from Boston's Isabella Stewart Gardner Museum in 1990; the 2003 heist of over \$100 million worth of diamonds, gold, silver and other types of jewelry in Antwerp, Belgium, which has been dubbed the "heist of the century"; and more

The series uses dramatic re-creations, firstperson witness accounts, and special effects that embed Brosnan into each heist to break down every aspect of the plans and put viewers in the center of the action.

As an actor, Brosnan has played characters who have famously done their share of sneaking into places, stealing items and then slipping back out, generally unscathed - notably as James Bond and as the title character in the 1999 remake of the classic heist film The Thomas Crown Affair. So he's a natural to guide viewers through these real-world heists, and he does so with his usual suave flair and a touch of wry humor, helping make each episode feel like a fun and suspenseful mini-heist movie.

"I love heist movies," Brosnan says, echoing the sentiment of many viewers throughout film history. "I understood why [History] came to me [to host], having done Thomas Crown, which I made a long time ago but still kind of holds a place in people's hearts. I thought it was an appealing way to go into it and to do this kind of work."

Along with Brosnan's overarching narration, there are also onscreen interviews with experts in security, criminology and other fields who break down details of each heist.

"It takes a bold plan [and] the right team," Brosnan adds at one point in that first episode as he describes how a great heist is pulled off. That description could also apply to what it takes to put together a compelling television series, and History's Greatest Heists has just such an effective plan and team in its own execution.

### **Happy Anniversary!**

By Jeff Pfeiffer

Notable TV series, episodes, networks and/or events celebrating anniversaries in February.

### 70 YEARS AGO

### Romper Room

Generations of preschoolers strove to be "Do Bees" thanks to this franchised and syndicated educational show that aired Feb.

10, 1953-Dec. 20, 1994. It had various local versions and hosts who used their Magic Mirrors to greet the audience; Nancy Terrell ("Miss Nancy") led the national version in the 1960s/early '70s for areas that did not have affiliates producing their own *Romper Rooms*.

### **65 YEARS AGO**

### St. Clare Becomes Patron Saint of Television

Clare of Assisi was canonized in 1255, but became linked with modern technology 700 years later. On Feb. 17, 1958, Pope Pius XII designated Clare as the patron saint of television (with the rationale she had reportedly been able to see and hear Mass on the wall of her room when she was too ill to attend). Clare has since also become the patron saint of computer screens, and perhaps not coincidentally given these purviews, she also serves as a protector of those with eye problems.

### 55 YEARS AGO

### Mister Rogers' Neighborhood

Kids (and kids at heart) were welcomed into the friendliest neighborhood in TV history, guided by one of the kindliest and gentlest human beings ever in host Fred Rogers, in this beloved, Peabody

Award-winning series that aired nationally on NET and its successor, PBS, from Feb. 19, 1968-Aug. 31, 2001.

### **40 YEARS AGO**

### M\*A\*S\*H: "Goodbye, Farewell and Amen"

After 11 years — more than three times as long as the Korean War that served as its backdrop — this

beloved dramedy came to an end on Feb. 28, 1983, with this movie-length finale on CBS that was seen by over 100 million tearful viewers and remains the most-watched episode of a U.S. scripted series ever.

### **35 YEARS AGO**

### America's Most Wanted

Hosted in its original run by John Walsh on FOX from Feb. 7, 1988-June 18, 2011, then on Lifetime from Dec. 2, 2011-Oct. 12, 2012, later followed by a FOX revival in spring

2021 with host Elizabeth Vargas, this series spotlighted dangerous fugitives and asked the public's aid in apprehending them. As of the most recent special on April 12, 2021, viewer tips to *AMW* have helped lead to about 1,200 captures.

### General Hospital: Tom & Simone's Wedding

The first interracial wedding on a U.S. daytime drama took place in *GH*'s Feb. 26, 1988, episode when Dr. Tom Hardy (David Wallace) married Dr. Simone Ravelle (Laura Carrington). Sadly, as with many marriages of all types, it didn't last; the characters divorced in 1995.

# Scientists Stunned After Shocking Discovery Reveals True Cause of Fatigue

New research finds unlikely source for why some seniors have an endless supply of energy

For the millions of American's suffering from fatigue there is finally hope.

A new study reveals our energy levels don't have to decline with age.

Published by the *National Institutes of Health*, this peer-reviewed study caused shockwaves in the scientific community. That's because it runs counter to everything scientists have believed about energy levels and aging for years. But the evidence is undeniable.

Researchers analyzing 142 scientific papers determined the key to gaining more energy with age lies inside our cells — in our mitochondria.

Mitochondria play a critical role in generating metabolic energy. They are responsible for converting the food we eat into energy we can use. A paper published by the Department of Cell and Developmental Biology even called them "the gatekeepers" of cellular life and death. That's how vital they are to the survival of human cells.

However as we age, the number of our mitochondria declines. In addition, the mitochondria become susceptible to DNA damage, decreased function, oxidative stress and even mutations. All of which results in excess fatigue, accelerated aging and poor health.

But thanks to this study, America's No. 1 anti-aging doctor has been able to develop a new, all-natural solution that helps seniors increase the number of their mitochondria, so they can "rewind" the clock on old age.

"By taking this one compound you can quickly restore the mitochondria inside your cells," explains Dr. Al Sears – founder and director of the world-renowned Sears Institute for Anti-Aging Medicine.

"And, once your mitochondria levels are restored, you will have so much energy that you will feel decades younger."

### Unique Discovery Restores Mitochondria

For more than 20 years, Dr. Sears has been considered America's No.1 anti-aging pioneer. He has authored over 500 scientific papers and has appeared on dozens of media outlets including ABC News, CNN, Lifetime, and many more.

Now, his latest discovery — a unique molecule that restores mitochondria inside cells — is so popular that seniors all across the country are stocking up on this new, all-natural energy-booster.

Users say this advanced formula, sold un-

der the name **Ultra Accel II**, allows them to experience the energy levels they had in their 20s and 30s. Those who've been lucky enough to get their hands on **Ultra Accel II** report seeing remarkable, almost unbelievable results.

As John H., from Bradenton, Florida reports: "I'm a 70-year-old man and I've been taking **Ultra Accel II** for 2 ½ months. On a recent treadmill test, I was told that I did as well as several patients tested who were in their 20s."

As Karyn E. from Palm Beach, Florida says "I noticed more energy within 24 hours of taking **Ultra Accel**. I was thrilled to have all that extra strength and endurance. Then after a few months, I ran out... and within a week, all that extra energy disappeared. Now, I'll never be without **Ultra Accel II.**"

### Study Confirms 100% Success Rate

Scientists recently gathered a group of men and women suffering from high levels of fatigue.

Over an eight-week period they gave the subjects a daily dose of **Ultra Accel II**'s core compound. The results? All of the participants felt a significant improvement in energy levels. And the study reported a 100% success rate in boosting the energy levels of those suffering from fatigue.

That's because PQQ (CoQ10's more powerful cousin) — the core ingredient in **Ultra Accel II** — is the only natural molecule that supports healthy numbers of mitochondria — the power generators inside your cells.

In one study, mice fed PQQ increased the number of mitochondria in their cells by more than 55%, in only eight weeks.

In addition to feeling more energized, users often report feeling mentally younger, with fewer "senior moments" and brain fog. That's because the key compound has been shown to stimulate the production of NGF, which helps trigger the growth of new brain cells.

"I've been taking **Ultra Accel II** continuously for over 12 months and I've found my energy levels to be as high or higher with less exercise. People can't believe I turn 50 this year," reports Wayne L.

And Jerry M. says he "noticed a difference within a few days... my endurance doubled. I love it. There really is something about **Ultra Accel II** that I can FEEL. It's not just in your body either. You can feel it mentally, too. This is something I'll be taking for a long time."

### **Demand For Ultra Accel II Soars**

"For too long, millions of Americans have suffered the life-ruining effects of fatigue and lethargy," says Dr. Sears when asked about the remarkable success of **Ultra Accel II**.

"Until now, there's never been a science-backed solution that actually works and guarantees real results," continued Dr. Sears, "but with the release of **Ultra Accel II** that all changes and now you can unlock an endless supply of all-day energy, at any age."

Due to the unprecedented demand and recent media exposure, people are struggling to get their hands on this low cost, prescription-free energy booster.

However, through our partnership with the Sears Institute for Anti-Aging Medicine we've managed to secure a small supply exclusively for readers of this publication. For the next 48 hours only we're able to offer a special discounted supply of **Ultra Accel II.** 

### How To Try It Risk-Free

To secure the hot, new **Ultra Accel II** formula, buyers should contact the Sears Health Hotline at **1-800-830-5330** TODAY. "It's not available in retail stores yet," says Dr. Sears. "The Hotline allows us to ship directly to the customer." Dr. Sears feels so strongly about **Ultra Accel II**, all orders are backed by a 100% money-back guarantee. "Just send me back the bottle and any unused product within 90 days from purchase date, and I'll send you all your money back."

Call NOW at 1-800-830-5330 to secure your supply of **Ultra Accel II**. Use Promo Code **UATW08** when you call. Lines are frequently busy, but all calls will be answered!

# Your Chance to Get a First-Year 1913 Buffalo Nickel! Hugely Popular American Coin Is a Collectors-Favorite!

The Buffalo Nickel, minted from 1913 until 1938, is one of the most iconic American coins ever struck by the U.S. Mint. Its design evokes the American Spirit and the Wild Frontier from which our nation was forged. The front displays a composite portrait of three Native American Chiefs, while the back displays a buffalo modeled after "Black Diamond", a buffalo born in New York's Central Park Zoo of stock donated by Barnum and Bailey. The designs come from famous sculptor James Earle Fraser, who used nearly the entire surface of both sides for his designs. The first-year Buffalo Nickel was struck more than 109 years ago, but you can now secure one for your collection, in your choice of condition!

### Two Reverse Types in that First Year

For the first year of issue, the Buffalo Nickel was produced in two distinct reverse types. The original (Type 1) design features the buffalo standing on a raised mound. The revised (Type 2) design features the buffalo standing on a flat plane or line. The intent of the redesign was to place the inscription "FIVE CENTS" within a recessed area, so it would not wear away so quickly in circulation. Here you get the original Type 1 design.

### Sing

### 7 pm on NBC

A stellar voice cast headed by Matthew McConaughey, Reese Witherspoon, Seth MacFarlane and Scarlett Johansson sparkles in this infectiously entertaining 2016 CGIanimated family film, about an assortment of animals who gather at a koala's theater for a singing competition.

### **Dirty Jobs**

8 pm on DISC

Mike Rowe descends into the depths of an aging manhole, coating it with a polyurea liner to extend its warranty in Murfreesboro, Tenn., because few things go bad like an aging manhole. Then, Mike walks into a bar with an horologist and a priest to set the time right as he restores a clock tower.

## Vacation Home Nightmare

When a woman (Aubrey Reynolds) is attacked in her short-term rental, the company's Clean-Up Team steps in to help her pick up the pieces. But the head of the team (Justin Berti) might only be cleaning up his own crimes.

### **Your Honor**

9 pm, 10 pm on SHOW

## 5 QUESTIONS with ...

## ALFONSO RIBEIRO

Of ABC's "America's Funniest Videos"

By Jacqueline Cutler

Alfonso Ribeiro's fancy footwork won the 19th *Dancing With the Stars*, but that's not surprising considering he was on

Broadway in *The Tap Dance Kid* at 12 when it opened. Later, Ribeiro secured his place in TV history as Carlton on *The Fresh Prince of Bel-Air.* Now in his eighth season hosting *America's Funniest Videos* — ABC's longest-running primetime entertainment show — the Bronx-raised actor, director and host answers our "5 Questions."

- Why is America's Funniest Videos such a good fit for you? The way that I always look at jobs is how easy it is. Is it a job that takes a lot of prep, a lot of work, a lot of figuring out? Then it's not a natural job for you. AFV is a natural job.
- When were you starstruck? I was directing a TV show called All of Us, a Will and Jada Smith-produced show. Will calls me up and says, "Hey, I want you to come to Miami. Because I'm doing this thing called the Jingle Ball, and I want you to come out onstage with me." And I get to Miami, and Will says, "Hey, go put on some yacht clothes." We get on this 40-foot like Sea Ray, which is still a really nice boat, but we're tight. Then I see the yacht. So we pull up and I hand Willow [Will's daughter] off to the person on the boat. And I do the, "Oh, wow! Hey, man. OK, nice to meet you." And I hand Willow to Tom Cruise. I had the dumbest look on my face because I wasn't expecting to hand Willow to Tom Cruise.
- What did you do for the stint when you weren't acting? I went to Cal State L.A. They were doing some really interesting, diverse projects. One was called *The Meeting*, which was a hypothetical meeting between Malcolm X and Martin Luther King Jr. I played Malcolm X. It was world-changing for me.
- 4. Since you started on Broadway and did theater in college, do you want to return to the stage? If all my children were older, I would probably be more into it, but I've got little babies still. I missed out on my oldest daughter's childhood with a divorce and moving, and I was not able to be the parent that I wanted to be. And I vowed that on my three little ones that I have now that I was going to be part of their life in every possible way.
- What would you be if you weren't in show business? I would be a lawyer. Whether I could pass the bar, that'd be a different question, but I am a debater. Growing up, my dad and I would do debates. We would read the newspaper, pick a story and read it. And then, we would pick out of a hat which side we were on.

Ovation TV will debut the new 24-episode season of popular long-running detective series **Murdoch** Mysteries on Saturday, February 11 at 7 PM ET. As season 16 begins, Detective Murdoch (Yannick Bisson) and Dr. Julia Ogden (Hélène Joy) are settling into life with baby Susannah, but domestic calm and bliss are far from reality for Murdoch's associates. Constable George Crabtree (Jonny Harris) has left his betrothed, Effie Newsome (Clare McConnell), at the altar after a prophecy by his aunt foretells marrying her would sign her death certificate. Brokenhearted, he endures the wrath of Inspector Thomas Brackenreid (Thomas Craig). Constable Henry Higgins-Newsome (Lachlan Murdoch) presumes he got cold feet and enlists Effie and Louise Cherry (Bea Santos) to find out more. Nefarious goings on are also taking place in Violet Hart (Shanice Banton) and Arthur Carmichael's (James Graham) world. Violet's father Maurice Majors (Roger Cross) has apparently died. But has he? Questions arise when a coffin shipped to New York arrives full of dirt. Meanwhile, Detective Llewelyn Watts (Daniel Maslany) has gone missing from work. Recognizable stars are added to various weekly episodes, as well.

Hallmark Movies & Mysteries will premiere its new original movie Curious Caterer: Grilling Season, starring Nikki DeLoach and Andrew Walker, on Sunday, February 5 at 9 PM ET/PT. Professional caterer Goldy Berry (DeLoach) throws a lavish barbeque event for her childhood friend, acclaimed realtor Susie Craig. Later that night, she is shocked to discover that after the event concluded, Susie's grill exploded and killed her. Goldy's professional reputation is put under fire when people realize that she was the last one to use the grill. On a mission to clear her name, Goldy teams up once again with detective Tom Schultz (Walker) to figure out who was behind this mysterious explosion. As they weed through manipulative party guests, they realize that the murderer might be closer to them than they initially imagined.

# THURSDAY Feb. 2

### **Groundhog Day**

11 am, 1:30 pm, 4 pm, 6:30 pm, 9 pm, 11:30 pm on AMC

Bill Murray stars in this 1993 romantic comedy as an obnoxious TV weatherman forced to relive Feb. 2 until he gets it right ... mending his abrasive ways and winning the lovely Rita (Andie MacDowell).

### **The Martian**

7 pm, 10 pm on FX

Matt Damon earned an Oscar nomination as best actor for his engaging performance in director Ridley Scott's wellpaced 2015 drama based on Andy Weir's story of an astronaut mistakenly thought dead by the rest of his crew and left behind on Mars.

### The Ring 8 pm on TCM

Pete Ganusa (Gerald Mohr) is a young American of Mexican descent in East Los Angeles, Calif., using the boxing ring to make a better life for himself and his family. And he learns as much about being a Latino in a white society as he does about boxing in this 1952 drama.

# Kold x Windy

10 pm on WE

The truth shall set you free – sometimes. Shelley (Kaja Brielle) reveals a secret that changes everything. But Renee (Nijah Brenea) continues to struggle with her past and how it could come back to haunt her. Then, Malika (Sh'Kia) and Renee scramble to hide their tracks after a deadly ambush.

### **Lawrence Saint-Victor Celebrates 10** Years As Carter Walton On "The Bold And The Beautiful"

"It sounds cliché, but time flies by when you're having fun," Lawrence Saint-Victor tells TV Weekly about his decade-long run on The Bold and the Beautiful. The actor has played attorney Carter Walton on the halfhour CBS soap opera since Jan. 31, 2013.

A few years after Guiding Light, on which the actor played the character of Remy Boudreau, came to an end, Saint-Victor debuted as Carter, whose adopted brother Marcus (Texas Battle) turned out to be Donna Logan's (Jennifer Gareis) son. "I'd been watching B&B

since I was a kid," Saint-Victor shares. "My aunt would throw it on. I was mesmerized watching Sheila [Kimberlin Brown] and Lauren [Tracey Bregman] and was fascinated by them crossing over from The Young and the Restless." Years later, he joined the cast and found himself interacting with original cast member John McCook (Eric Forrester) and others.

Saint-Victor has had five leading ladies over the years: Karla Mosley (ex-Maya), Kiara Barnes (ex-Zoe, now on Fantasy Island), Diamond White (Paris), Rena Sofer (ex-Quinn) and Heather Tom (Katie). The Carter/Quinn pairing was as unexpected as it was hot! "It was amazing," he says, pointing out that the couple had a "slow burn." He adds, "People responded to it, how hot it was. Carter and Quinn's conversations grew more intimate. Fans were feeling it."

Sofer exited B&B last year, and lately, Carter's been spending time with Katie. "This is his first mature relationship," the actor offers. "I think Carter wishes he'd met Katie the first day he came to Los Angeles — and that she was single!"

Saint-Victor also serves as one of B&B's writers. He says that he and executive producer/head writer Brad Bell hit it off immediately and have bonded over discussing the show's tales. While Saint-Victor notes that Carter's ultimate direction is in the head writer's hands, he wouldn't mind seeing Carter finally get that family he says he wants. But if it's not safe for Katie, who's had heart and kidney transplants, to give birth to a child, wouldn't that put a crimp in Carter's plan to have kids? "I don't know," Saint-Victor theorizes. "Carter may not have to have a traditional nuclear family to feel like he has something."

Watch for B&B to honor Saint-Victor with a Carter-themed episode later this winter.

# ASK **MAT**

IS THREE **PINES** COMING **BACK TO** PRIME?

@TVGMMattRoush

**Question:** Will Prime Video bring us a Season 2 of its outstanding police drama Three Pines? I love the Chief Inspector Gamache novels! -Meg W.

Matt Roush: No word yet on renewal, but there are plenty more Gamache books to tackle, and the streamer has a history of adapting popular book series (Bosch, Reacher), so I'm hopeful.

**Question:** Back in July 2021, it was announced that TBS was going to reboot Mary Hartman, Mary Hartman (1976-77) with Emily Hampshire from Schitt's Creek playing Mary. Now that TBS is out of the scripted series game, has this died as well, or could it go to another outlet? - Jeffrey

Matt Roush: I've scoured the industry trade publications to see if there's any new news about this remake, and I've come up empty. The project could be lost or stuck in development limbo, but given the current appetite for reviving so-called intellectual property, I'd like to think we haven't heard the last of Mary Hartman-although, as in so many cases, it will be hard to top the original, a subversive satire of soaps from the great Norman Lear.

### THURSDAY Feb. 9

### You on NETFLIX

It looks like the tables may have turned on Joe Goldberg (Penn Badgley) in the Season 4 premiere, having made his way to London where he's teaching literature at a local university. But when members of the social elite start dropping like flies, it's clear he's not the only murderer with a taste for fish and chips.

### Stolen Youth: Inside the Cult at Sarah Lawrence on HULU

This original documentary series uses audio tapes, video recordings and first-hand interviews with con man Larry Ray's victims to tell the story of his grim 10 year influence over a group of young people at the suburban New York college.

### The Craftsman 8 pm on MAGN

One of the most famous Victorian houses in America is looking to add on and Eric Hollenbeck comes to the rescue to make pilasters, corbels and a balustrade as he works on an addition to *The Carson Mansion*, aptly the title of this new episode.

### NFL Honors 9 pm on NBC

On the eve of Super Bowl LVII, the NFL dishes out its annual awards. Among them, of course, is the league MVP. Perhaps equally prestigious is the Walter Payton Man of the Year award, which honors a player's excellence on and off the field, especially with philanthropy work.

# **CHEERS & JEERS**

by Damian Holbrook TV Guide Magazine

# **CHEERS TO**

for being The Recruit's best asset. Like a Jason Bourne for the TikTok crowd, the poster hunk of To All the Boys I've Loved Before brings a disarming mix of macho and mischief to Netflix's Alias-like thriller as a CIA lawyer in way over his head...and headed for a killer cliffhanger.

# CHEERS TO VELMA'S SPLASH OF COLOR.

Mindy Kaling's HBO Max cartoon imagines the Scooby-Doo icon as a South Asian teen obsessed with mysteries. And it's hilarious.

follow Cheers & Jeers

# @damianholbrook

### **Jeers to** RUPAUL'S DRAG RACE

for changing lanes once again. First it was Logo, then VH1, now MTV. Do you people know how hard it is to move this much in high heels?!

### Jeers to *SNL*'S **weekend update**

for bringing us down. On the December 17 episode's fake-news segment, longtime standout Cecily Strong broke our hearts by abruptly announcing that it was her final show. Here's hoping Kenan Thompson gives us some warning when his time comes!

Beauty from the beast. Also known as "America's Emerald," helenite is not an emerald at all, but a brighter and clearer green

stone that gem cutters can facet into spectacular large carat weight jewelry. "It's just recently that luxury jewelers have fallen in love with helenite," says James Fent, GIA Graduate Gemologist. "Clear green color in a stone this size is rarely found in emeralds but helenite has come to the rescue."

# **RELIGION AND DIETING?**

Jennifer Grey Stars As Controversial Religious Leader Gwen Shamblin In Lifetime Original. By Barb Oates

"You couldn't come up with something more bananas to me," Jennifer Grey tells us of her newest role that finds her playing controversial Remnant Fellowship Church founder and Christian diet guru Gwen Shamblin. "You know how they say you couldn't write this @#\$%? You couldn't write this @#\$%!"

Grey, who catapulted to fame in the '80s with her roles in *Dirty Dancing* and *Ferris Bueller's Day Off*, has always been attracted to projects that push her out of her comfort zone and stretch her creatively — including her 2010 stint on *Dancing With the Stars*, where she and her partner Derek Hough walked away as the season winners. This role in Lifetime's *Gwen Shamblin: Starving for Salvation* (premiering Saturday, Feb. 4) was no exception, and it included a few career firsts for the star.

"When this offer came in, I had no conception of who Gwen Shamblin was. I hadn't seen the HBO documentary [The Way Down: God, Greed and the Cult of Gwen Shamblin] that a lot of people I knew had seen. And I immediately downloaded it, watched it, was appalled and stunned, and thrilled to be able to put my mind around playing this person who couldn't be more of a leap for me," she shares. "I'm always fascinated by charismatic leaders (let's call it that). And the fact that people have hooked into the zeitgeist. ... I'm fascinated by the psychological, the power that someone can gain from really hooking into a need in the culture and how much people want to turn over their will and their lives to this person who they believe will deliver the results that have eluded them."

She's speaking of Shamblin, who rose to fame with her 1997 bestselling book *The Weigh Down Diet: Gwen Shamblin's Inspirational Way to Lose Weight, Stay Slim and Find a New You* and her Weigh Down workshops, which eventually morphed into the megachurch she founded.

Shamblin had a larger-than-life public persona, and her towering hair that was teased to the moon was a definite standout. Before Grey closed the deal to star as Shamblin, she consulted with her longtime friend and screen legend Jamie Lee Curtis, who suggested she immediately contact the greatest wig creator ever, Rob Pickens.

"I called him because I do whatever Jamie tells me to do," Grey laughs. "I called Rob and said, 'Hey, Jamie told me I have to call you. I haven't closed this deal, but this is the picture of the woman.' I told him that I would only do this if I could get some really great wigs and have a really great dialect coach."

Grey got both.

"I have a recycled wig [it's Jamie's wig from *Halloween*], and then I have that giant mane," Grey says, also crediting her hairdresser who brought the crazy to her character's later-in-life hairdo. "You could see as she became more powerful, her look became much more extreme."

Shamblin's reign came to a tragic end in May 2021, when the plane that her husband Joe Lara was flying crashed shortly after takeoff, killing Gwen, Joe, their son-in-law and four other church leaders.

It's indeed a story you just couldn't have written.
