American Gigolo

Showtime

Premieres: Sept. 11

Airs: Sundays at 9pm

Who's In It? Jon Bernthal, Gretchen Mol, Rosie

REIMAGINED!

O'Donnell

What's It All About? It's got to be unnerving to step into Richard Gere's iconic 1980 role, but Jon Bernthal makes it look easy in this presentday reimagining of the neo-noir film. Bernthal, who's been delivering a nonstop tour de force of memorable characters — Shane in The Walking Dead, Frank Castle in The Punisher, Lee lacocca in Ford v Ferrari, Sgt. Jenkins in

We Own This City — is a guy you just notice. Uncovering his chiseled chest and cocking a sexy grin, Bernthal is a natural in the lead role of Julian Kaye, a tender man who, after being wrongfully convicted, is released after 15 years in prison and is left to navigate his complicated relationships with his former lover Michelle (Gretchen Mol), his dysfunctional mother and the people who betrayed him.

The eight-episode series also stars Rosie O'Donnell as the no-BS detective who put him away originally but now seeks the truth in what turns out to be a much larger conspiracy. Money, greed, power and loyalty all play into this stylish story about redemption.

Quantum Leap **NBC** Premieres: Sept. 19 Airs: Mondays at 10pm Who's In It? Raymond Lee, Caitlin Bassett, Ernie Hudson, Mason Alexander

REBOOT!

What's It All About? Fans of NBC's 1989-93 sci-fi series Quantum Leap may have been tempted to mutter, "Oh, boy" — the frequent catchphrase of main character Dr. Sam Beckett — when it was announced that the beloved time-travel show would be rebooted.

But this revival has some good things going for it that make it worth checking out. For one thing, original creator/writer/executive producer Donald P. Bellisario, and original writer/EP Deborah Pratt, are both back as producers. Additionally, while able to be enjoyed as a stand-alone new series, this Quantum Leap can also be seen as a sixth-season continuation of the original; it inhabits the same universe, taking place 30 years after Beckett entered his Quantum Leap accelerator and never came back, seemingly stuck hopping in and out of various people's lives across time. Now, a new team is restarting the project to hopefully understand the mysteries behind the machine and the man who created it. This team is led by physicist Dr. Ben Song (Raymond Lee, pictured left), who, after making an unauthorized leap into the past, finds himself stuck in Beckett's predicament: jumping into other people's lives across various decades, righting past wrongs while he and his teammates look for a way to bring him back to his own life.

FALL TV PREVIEW

DOCUMENTARIES

McEnroe

Showtime

Premieres: Sept. 4 at 7pm

What's It All About? Legendary tennis player John McEnroe was known for his emotional volatility as much as he was known for his greatness on the court. Set during one night in

New York City, this documentary from director Barney Douglas is an intimate, candid exploration of McEnroe as revealed by the man himself. Featuring home videos and previously unseen footage from his epic matches, McEnroe is a journey into the heart and soul of an athlete whose quest for perfection took him to emotionally and mentally dark places. "I was on such an unbelievable high. No. 1 in the world. I'm the greatest player that's ever played," McEnroe recalls. "Why does it not feel all that amazing?"

Edge of the Unknown With Jimmy Chin

Nat Geo

Premieres: Sept. 5 at 9:30pm

Airs: Tuesdays at 10pm (beginning Sept. 6) What's It All About? Oscar-winning filmmaking duo Jimmy Chin and E. Chai Vasarhelyi (Free

Solo) are executive producers of this epic 10-part half-hour series that uses intimate interviews and self-shot archival footage to go inside the minds of some of the world's top adventure athletes - including bigwave surfers, climbers, big-mountain snowboarders, polar explorers and

as they worked toward mastering their crafts.

Lion: The Rise and Fall of the Marsh Pride

PBS

Premieres: Sept. 14 at 9pm

kayakers — who recount the most consequential moments of their lives

What's It All About? This groundbreaking 90-minute film tells the epic story of the famed Marsh pride of lions as it battles for survival in

Kenya's Maasai Mara Reserve. This pride has been documented by the BBC for over 30 years, up to now, in a world where lions and humans are increasingly at odds. Lion presents a powerful tale of shifting loyalties, bloody takeovers, complex family dynamics and sheer resilience.

The U.S. and the Holocaust

Premieres: Sept. 18-20 at 8pm

What's It All About? Ken Burns, Lynn Novick and Sarah Botstein directed and produced this remarkable and unflinching three-part documentary film that explores America's

response to the Holocaust, shedding light on what the U.S. government and the American people knew and did, or didn't do, as the catastrophe unfolded in Europe. It also examines the rise of Hitler and Nazism in Germany in the context of global antisemitism and racism, the eugenics movement in the United States and race laws in the American South.

Season three of **EPIX's** *War of the Worlds* to premiere on Monday, September 12 at 9pm ET/PT. Subsequent episodes will air weekly on Sundays at 9 PM ET/PT. The sci-fi drama series stars Golden Globe® winner and Emmy® & Tony® Award-nominee Gabriel Byrne. Set in present-day France and the U.K., season three picks up as the war between the survivors and aliens reaches a new turning point and a terrifying phenomenon grips countless people across the globe. With stakes at an all-time high, one survivor sets out to investigate, forming a tentative partnership with another unlikely hero along the way. The pair will need to use every resource they have available to face an opposition more dangerous than ever in their fight, once again, for the survival of all humanity.

Freeform will debut its new unscripted series *The Come Up* on Tuesday, September 13 starting at 9 PM ET/PT with the first four episodes back-to-back. The eclectic cast of *icons* on the rise include Taofeek Abijako, Fernando Casablancas, Ben Hard, Claude Shwartz, Ebon Trower and Sophia Wilson. The series is a glimpse into the wildest feelings and vibrant moments that define coming-of-age in a post-pandemic New York, as it follows six young disruptors as they emerge from downtown New York to follow their dreams and pursue love and art on their own terms. The show focuses on the creative NYC underground.

Deadliest Catch

8 pm, 12 am on DISC

It doesn't get much crazier than this. The F/V Cornelia Marie crashes into the ice pack when the greenhorn on watch falls asleep at the wheel. Then, Capt. Jake Anderson's crew experiences a stunning phenomenon only Alfred Hitchcock could imagine when a flock of seabirds bombards the F/V Saga, and Capt. Wild Bill tackles an unsafe sea state on the F/V Summer Bay.

Expedition Bigfoot

8 pm, 12 am on TRAVEL

The investigation reaches a fever pitch as Mireya, Russell, Bryce and Ronny uncover a potential Bigfoot kill zone directly above Lake Fear in Washington State. Could this be the perfect hunting ground for the hirsute biped? Meanwhile, a witness comes forward with a story of their up-close encounter with a Sasquatch in the new episode In the Kill Zone.

Devils

9 pm on CW

In this new episode, Dominic (Patrick Dempsey) finally convinces Massimo (Alessandro Borghi) that his suspicions about Wu Zhi (Li Jun Li) and Liwei (Joel de la Fuente) are correct, and as a result, he helps sabotage a deal of huge strategic importance to NYL's Chinese investors. Meanwhile, Oliver discovers that someone has ruined his chance of a future outside NYL.

Below Deck Down Under

Magda makes a mistake when she oversteps her boundaries with Aesha. Then, Capt. Jason's colleague charters Motor Yacht Thalassa for a bachelor party, so you know things had better go swimmingly. And yet, Chef Ryan resists the guests' food requests and must face the consequences with Capt. Jason in the new episode Squid Games.

Look out for Nick Kyrgios at U.S. Open

If you're looking for a sleeper who could go far at this year's U.S. Open, look no further than Nick Kyrgios.

Indeed, the 27-year-old Australian has been playing the best tennis of his career and could challenge the favorites for the title in the tennis year's fourth and final major, especially with three-time tourney champ Novak Djokovic sitting it out due to his vaccination status and four-time winner Rafael Nadal injured.

In July, Kyrgios made it past the quarterfinal in a Grand Slam for the first time in his career with his loss to Djokovic in a hotly contested final at Wimbledon. He followed that up in August by becoming the first person to win the men's singles and doubles titles (with partner John Sock) at the Citi Open in Washington, D.C. He's also made semifinals in singles at Houston, Stuttgart and Halle and won doubles titles with Thomas Kokkinakis in the Australian Open and at Atlanta.

Of course, at Flushing Meadows his singles record is less impressive, having made it only as far as the third round four times. But with his powerful serve and his hot hand, Kyrgios might be a better bet than his No. 37 ranking might indicate.

He'll face a field expected to include top-ranked players Carlos Alcazar, Stefanos Tsitsipas, Casper Ruud, Andrey Rublev and World No. 1 and defending tourney champ Daniil Medvedev when the 2022 U.S. Open airs for two weeks on ESPN and ESPN2 from USTA Billie Jean King National Tennis Center in Queens, N.Y., beginning Monday, Aug. 29.

Christel Khalil Celebrates 20 Years As Lily Winters On "The Young And The Restless"

Christel Khalil is celebrating her 20th anniversary with *The Young and the Restless* as Lily Winters, the daughter of iconic supercouple Neil (the late Kristoff St. John) and Dru (Victoria Rowell). *TV Weekly* chatted with the Daytime Emmy winner about her years in Genoa City — from her

debut as a teen to her current storyline that has Lily paired with Jason Thompson's Billy Abbott.

Do you have memories of your first day?

Christel Khalil: Yes. My first scene was with Victoria Rowell. I remember being nervous and wanting to do a good job. Later, I did the chlamydia storyline with Greg Rikaart [Kevin Fisher]. I remember doing PSAs [public service announcements] after shooting scenes related to the chlamydia storyline. It was great working with Greg, and it was the first time I got a Daytime Emmy nomination.

Later, it was revealed that Malcolm — not Neil — was Lily's biological father. Thoughts?

They never played it that Neil wasn't Lily's dad anymore. He was still her dad more than Malcolm was. It never made Lily feel distant from Neil.

Lily's longest romance was with Cane Ashby (Daniel Goddard).

What memories do you have of being paired together?

I was 19 when Lily was paired with Cane. I was still a kid. Daniel was a man about to have a baby. It was different at first. We met in the middle pretty quickly. [Laughs] I think women are more mature than men — I'm kidding!

Cane and Lily rose to a level of supercouple stardom that hit a fanatical level. Do you recall when that happened?

I've never been fully aware of that stuff. I just do my job and hope that it all works out. But I saw in the magazines that [Cane and Lily] were the No. 1 couple. It was so crazy. I was happy that people really liked them.

You come in and do the work, and you're excellent; you never phone it in. But you also don't seek the soap opera limelight like other actors do. Is that accurate?

Yes. First, thank you. And, also, yes, that's definitely how I feel. I love my job and I have fun doing it, but I don't pay attention to the other stuff. Life's too short.

Now, Lily is paired with Billy (Jason Thompson). What's it like working with him?

I was really excited to learn I'd be working with Jason. I'm a fan of his work, and it's doing something new. Lily's more involved in the business world. It's been great. I'm happy people like their relationship. We'll see where it goes.

Any shoutout to the fans who've followed you all these years?

Yes. Thank you for your support and for watching and for caring about Lily's journey. I'm grateful that people tune in and want to see what's happening!

Bump

8 pm on CW

Reema (Safia Arain) and Oly (Nathalie Morris) try to figure out how their friendship works now that they seem to have nothing in common. Meanwhile, an impromptu girls' night results in unexpected alliances and realizations, and the boredom of Angie (Claudia Karvan) and Matias' (Ricardo Scheihing-Vasquez) night at a P&C meeting sets off their growing tension.

Mountain Men

8 pm on HISTORY

Season Premiere

In the Season 11 premiere Forever Free, Montana's Tom and Nancy Oar prepare for the necessities of the long, grueling winter ahead. Jake Herak fights dense fog and mountain terrain on foot in pursuit of big game. In Wyoming, Josh Kirk attempts to move a 150-yearold log cabin to the heart of his bison ranch.

It's CompliPlated

10 pm on FOOD

Breakfast the world over often includes eggs, bacon, sausage and other plant-based diet nonos, so host Tabitha Brown challenges four chefs to think outside the cereal box and satisfy two picky eaters with a low-carb and egg-free breakfast for dinner. They'll also attempt to create a low-carb breakfast burrito and a decadent brunch without their usual tricks of the trade.

Good Trouble

10 pm on FREEFRM

Season Finale

When Isabella (Priscilla Quintana) wants to put the baby up for adoption, Gael (Tommy Martinez) decides on what role he wants to play in his child's life. Meanwhile, Malika (Zuri Adele) is caught between her career and her beliefs, and Mariana (Cierra Ramirez) infiltrates Silas' (Graham Sibley) cult to speak to Jenna (Maiara Walsh).

HOROSCOPES BY YASMIN BOLAND

Zendaya, a Virgo (born September 1), of "Euphoria"

ARIES (March 21 - April 19)
Your chart is going off like the proverbial frog in a sock this week.
You have all the celestial support you need for happy days, loads of energy, good sex, good relationships and that wonderful feeling that Lady Luck is on your side.
Expect good things and they will follow.

TAURUS (April 20 - May 20) Many people grow up thinking that money is somehow a bad thing or not to be talked about. But this week, if you focus a bit on your cash flow and/or side hustle, you could find you're in a position to boost your bank account. Money flows where your energy goes.

GEMINI (May 21 - June 20) You're on fire! As magical Mars moves through your sign and connects with lucky Jupiter, you have amazing stars for having fun with the people who make life worth living. So get out there and have as much fun as you can. Just avoid pushing your luck too far!

CANCER (June 21 - July 22) Focus on your brilliant career this week, if you possibly can. Working out where you have been going right and wrong professionally in the past two years will stand you in really good stead. Now is the time for you to expand your working life. Level up professionally. Success beckons!

LEO (July 23 - Aug. 22) On one hand, you have good financial stars for working smarter to feather your financial nest this week. On the other hand, you have lovely stars for being with friends and even getting away from it all on a trip. Your life is currently like a box of chocolates. Take your pick.

VIRGO (Aug. 23 - Sept. 22) Now is the time to focus on your most important one-on-one relationships. The planet of love (and abundance), Venus, is moving back into your sign for the first time in months so expect to feel more loved and loving (and abundant). If one relationship is shaky, work on it now.

LIBRA (Sept. 23 - Oct. 22)
This time of the year is always
a little low-key for you. The sun
drops into your 12th house - the
part of your chart where you ruminate and contemplate. Spend
time thinking about what you've
achieved in the past year and your
goals for the coming year.

SCORPIO (Oct. 23 - Nov. 21)
Do you deserve time off for good behavior? If so, grab it now. The skies support you in having fun with friends and being social. It's an up and down ride for you now, as you've likely noticed, and you have to make the most of the good times. This week offers you a good time!

SAGITTARIUS (Nov. 22 - Dec. 21) The stars are pretty good for everyone but they are especially good for you! The planet of mojo and moving forward, Mars, is in your relationships zone so it's time for you to push ahead with someone you really care about. Single? Make a move! There are fun times written all over your horoscope.

CAPRICORN (Dec. 22 - Jan. 19) Some good, old-fashioned hard work could get you on the right track this week. Think about what you can do a little of every day to move your life in the direction you want it to go. Sometimes all success takes is small, sustained steps in the right direction.

AQUARIUS (Jan. 20 - Feb. 18)
Are you feeling in the mood to
have fun? To spend time with your
inner child? To laugh like crazy
and generally let the good times
roll? If so, good! Why? Because
this week, despite the on-going
pressures, you really do have
some relief at hand. Grab your
jollies!

PISCES (Feb. 19 - March 20) Fixing up a situation at home or with family should be your No. 1 aim now if you want to work with current energies. Whether you're sorting out your house or sorting things out with a family member, get things sorted on the home front. Put your private life first.

Bloodshot

4:50 pm on FXM

Based on a Valiant Comics character, this 2020 superhero action movie stars Vin Diesel as Ray Garrison, a Marine who is killed in action, then brought back to life with new superpowers by an organization that plans to use him as a weapon. Sam Heughan (*Outlander*), Eiza González, Toby Kebbell, Guy Pearce and Lamorne Morris also star in the film.

It Should Happen to You

5 pm on TCM

This 1954 comedy is not only a delight, it's a potential spring-board for a discussion of our celebrity-crazed culture. Judy Holliday stars as out-of-work model Gladys Glover, who uses the last of her savings to put her name on billboards around New York. It works; now everybody knows her name, and everybody wants to know her.

Elizabeth: A Portrait in Part(s)

8 pm on TMC

This inventive feature documentary examines the life of Queen Elizabeth II and is a nostalgic and fresh chronicle of the extraordinary 70-year reign of Her Majesty the Queen, the longest-lived, longest-reigning British monarch and longest-serving female head of state in history. The late Roger Michell directed this 2022 documentary.

Dynasty

9 pm on CW

As Blake (Grant Show) institutes damage control to help Adam (Sam Underwood), Cristal (Daniella Alonso) offers questionable advice. Then Sam (Rafael de la Fuente) finds out about an unexpected presence at La Mirage and he and Culhane (Robert C. Riley) enlist Liam (Adam Huber) to help with the situation. Elaine Hendrix, Elizabeth Gillies and Eliza Bennett also star.

ASK MATT

WILL
GREY'S BE
WORTH
WATCHING
NEXT
SEASON?

@TVGMMattRoush

Question: I see that Ellen Pompeo will only be in eight episodes of Grey's Anatomy this upcoming season. After being on the show for so long, it's reasonable to pursue other roles, but that being the case, they really should give the show a final season centered around her and let the show come to its natural conclusion. Dragging Grey's out in a lesser format with Meredith being in fewer than half of the expected number of episodes just seems to damage the show's legacy. I've been on this train since 2005 and don't exactly want to jump off, but it is also disheartening to see the show limp on in such poor condition. What do you think? -Jake

Matt Roush: Looks to me like this nineteenth (!) season will be the real litmus test ABC and Shonda Rhimes need to see if Grey's Anatomy has a life beyond Ellen Pompeo and the show's namesake, Meredith Grey. The theory has long been held that when she leaves, the show's over, but this sort of half-in/half-out existence will likely reveal if the franchise can still thrive with her being either entirely absent or just a recurring presence, which I could see happening in the future. But I agree that having Meredith just limp off the stage without a strong story would be a disservice to the character, the fans, and the show. I won't prejudge, but it does feel like the curtain is ever closer to closing on Grey's.

FALL PREVIEW

- **Premieres:** Sept. 11 at 8pm and Sept. 20 at 9pm (Two-part premiere)
- Airs: Tuesdays at 9pm
- Who's In It? Susan Sarandon, Trace Adkins, Anna Friel
- What's It All About? Susan Sarandon brings her sass and sexiness (which she often smartly undercuts with blunt, world-weary wisdom) to the role of rags-toriches superstar Dottie Roman in this sudsy drama, which got delayed from its original January 2022 premiere. Dottie is the Queen of Country Music, and the matriarch of an Austin music dynasty (real-life chart-topper Trace Adkins plays her husband Albie) who knows her time in the spotlight is ending. She anoints one child (Anna Friel, Pushing Daisies) as her successor, and "Heavy is the head that wears the crown, baby." Having been in the industry for 25 years, Adkins has had a front-row seat to country music. His character is described as the "Texas truth-teller," but even that appears to be a lie. "He has as many secrets as anybody does, but that's just been the moniker that he's portrayed himself as, this old-school OG truth-teller in his music," Adkins told us. "And so, that's just been kind of the handle that he's gone by, but don't take it literally." When everyone has their own secrets and their own agendas, expect the dark side of country music to come out in this juicy drama.

THE ROOKIE: FEDS ABC

- Premieres: Sept. 27
- Airs: Tuesdays at 10pm
- Who's In It? Niecy Nash-Betts, Frankie Faison, Felix Solis
- What's It All About? Niecy Nash-Betts returns to her character of Simone Clark, the oldest rookie in the FBI Academy, who was introduced in an action-packed *Rookie* two-parter last spring. Clark, a whip-smart former guidance counselor, successfully schooled a new unit of special agents on thinking outside the box.

So Help Me Todd CBS

- Premieres: Sept. 29
- Airs: Thursdays at 9pm
- Who's In It? Marcia Gay Harden, Skylar Astin
- What's It All About? Leading a broadcast series for the first time since CBS' Code Black ended in 2018, Marcia Gay Harden can soften the heart of even the most impenetrable character. As an Oregon law partner in this dramedy, she knows what's best for everyone especially her son (played by Zoey's Extraordinary Playlist's Skylar Astin), who's been floundering since losing his Pl license. After he helps her solve a very personal case, she recognizes his talent and hires him at her firm. We just hope her schedule allows for more family stakeouts.

- What's It All About? Walker, itself a reboot of the '90s Chuck Norris series Walker, Texas Ranger, gets an origin story with this Western set in the 1870s. This saga is the story of Abby Walker (Katherine McNamara), who leaves Boston with her husband to begin a new life in Independence, Texas. Their plans are disrupted when a mysterious man named Tom Davidson (Greg Hovanessian) guns Abby's husband down, leaving her alone, penniless and far from home, but determined to find justice.

McNamara, who played Mia Smoak on several of The CW's DC superhero series, including Arrow and The Flash, is thrilled by the opportunity to tackle a rarity on television: a Western with a female lead. She finds her character's agency to be much of the appeal. "[Abby] chooses to take charge and avenge her husband's death, but not only that, to start a new life, and to choose to stay in Independence," McNamara says.
